# Garden Iris - - Price List

Prices are for strong, standard size, single rhizomes. No thumb-nail sizes are sent out but please keep in mind that some varieties (the yellows, more often than any others) naturally grow small roots and no one can help this.

Three roots of the same variety priced at 25c will be sold for 50c—six for 75c; except that those starred (\*) will be three for 60c—six for 85c. Three of a 30c kind will be 65c—six for \$1.10; three of a 35c kind for 75c—6 for \$1.25; three 40c ones for \$1.00; three 50c ones for \$1.25; and some reduction can always be made for three or six of a kind, though in cases of the higher priced ones this will not amount to as much proportionally as with the lower priced ones.

Orders for less than one dollar are respectfully declined. Postage paid on orders of \$2.00 or more—under that amount enclose 25c for postage and packing.

## MISCELLANEOUS IRISES

Blue King .....	25c	Monaurea .....	60c
Grey Prince .....	25c	Dorothea Williamson .....	40c

Foliosa .....	25c	Tectorum, blue .....	35c
Ochraleuca .....	50c	Tectorum, alba .....	40c

These miscellaneous Irises, with the exception of the Sibirica's, as a rule grow small roots and are comparatively slow growing. They are not recommended for summer planting; the fall or very early spring is best for moving them. If to be sent by mail add 5c for each plant of Snow Queen, Blue King and Grey Prince. The clumps while small are too heavy for us to pay postage on at these prices.

The reductions for quantity (three or more of a kind) which applied to the other class of Irises do not apply to this kind. Some small reductions can, however, be made, depending upon the size of your order.
